DETAILED ACTION

The amendment and response filed 3/4/03 has been entered as Paper No. 14. Claim 20 has been canceled. Claim 23 is newly added. Claims 19, and 21-23 are under current examination.

This application contains claims (1-11 and 15-18) drawn to an invention nonelected without traverse in Paper No. 10. A complete reply to the final rejection must include cancellation of nonelected claims or other appropriate action (37 CFR 1.144) See MPEP § 821.01.

Claim Rejections - 35 USC § 112

The following is a quotation of the first paragraph of 35 U.S.C. 112:

The specification shall contain a written description of the invention, and of the manner and process of making and using it, in such full, clear, concise, and exact terms as to enable any person skilled in the art to which it pertains, or with which it is most nearly connected, to make and use the same and shall set forth the best mode contemplated by the inventor of carrying out his invention.

The prior rejection of claims 19-22 under 35 U.S.C. 112, first paragraph, is withdrawn in view of the response.

The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

The prior rejection of claims 19-22 under 35 U.S.C. 112, second paragraph, is withdrawn in view of the amendment.

Claim Rejections - 35 USC § 102

The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(a) the invention was known or used by others in this country, or patented or described in a printed publication in this or a foreign country, before the invention thereof by the applicant for a patent.

Claims 19, 21, and 22 stand rejected under 35 U.S.C. 102(a) as being anticipated by *WO 99/17741*, and the rejection applies to the newly submitted claim 23.

In paper #14, applicants argue that claim 19 and new claim 23 recite “(b) a sequence 98% identical to the polypeptide of SEQ ID No 190”, thus, the cited reference does not anticipate the instant claims.

The argument has been fully considered but found not persuasive. This is because claims are drawn to administering a composition comprising an isolated polypeptide comprising an immunogenic portion of a polypeptide sequence selected from the group consisting of (a) SEQ ID No 190, and (b) a sequence 98% identical to the polypeptide of SEQ ID No 190, the immunogenic portions encompass a polypeptide sequence that is identical to the sequence disclosed by *WO 99/17741*, i.e. a sequence 97.2% identical to SEQ ID No: 190, and methods of using the polypeptide in a physiologically acceptable carrier for inducing a protective immune response in an animal (page 15, lines 3-15). Therefore, the rejection stands.

No claim is allowed.

Art Unit: 1632

Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the date of this final action.
